Magnates Declare that Peace Between Organizations Is In Sight

CONFERENCE IS BEING HELD

Today Which May Determine the Outcome

EVERYBODY IS OPTIMISTIC

But American League Owners Claim They Are Not Committed to Any Peace Plans—Meeting Today Is the Most Important Ever Held in History of Organized Baseball.

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 17.—Barney Dreyfus, owner of the Pittsburgh Nationals, returned today from his conference with the American league magnates at Chicago and declared that there will not only be peace between organized and independent baseball interests, but that it will be the best kind of peace.

Dreyfus was in a joyful mood when he reached the hotel where the National League magnates are holding their meeting. He said:

"I went, I saw, I conquered. In other words I accomplished everything I attempted toward peace. The best kind of peace is coming."

The American League men arrived shortly after 10 o'clock.

In the party were President Ban Johnson of the league, Charles A. Comiskey, president of the Chicago club; J. J. Lannin, president of the Boston Americans; Col. Jacob Ruppert, Jr., of the New York club; President D. S. Minor of the Washington club, in addition to a number of club secretaries, managers and other officials.

Johnson stated that there was little or nothing new in the situation but that he was extremely hopeful of the outcome of the general conference this afternoon. He said the outlook for peace was bright. All members of the party appeared optimistic, but one magnate said the American league was not at this time committed to any peace plans.

At the National league meeting during the forenoon the magnates heard Dreyfus' report of his trip to Chicago and agreed to meet American league representatives and all parties interested in the peace proposals at 2 p. m. Rumors which seem well defined gave the following tentative outline of developments should the baseball war be ended:

Sinclair of the Federals will buy a big block in the New York Nationals and will be elected to the board of directors; Weegham of the Chicago Federals will buy a controlling interest in the Chicago Cubs; Ball and Stiefel will buy the St. Louis Browns outright.

Further, it was said, George F. Ward of Brooklyn, will retire from baseball and his Brooklyn park may be taken over by the International league.

President Gilmore of the Federals, it was said, will be elected president of the Chicago Cubs and will be groomed with a view to his ultimately succeeding Tener as the head of the National league.

On behalf of the National league the following peace committee was appointed: Messrs. Tenor, Hempstead, Herrmann, Dreyfus and Gaffney.

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 17.—Officials and club owners of the National American, Federal and International leagues, met here today for a peace conference which may end the war between organized baseball and the independents.

The conference is regarded as the most important ever held in baseball history and should peace result, it may bring about a reorganization affecting several of the most important clubs in the two major leagues notably the National League clubs of New York and Chicago.

Members of the National and Federal Leagues were at the Waldorf Astoria hotel ready to welcome the peace envoys of the American league headed by President Ban Johnson, sent from Chicago to sit in at the great meeting. The American League men left Chicago yesterday and three o'clock was the hour set for the formal opening of the conference. So far as known no conference committee of the National League had been appointed today.

James A. Gilmore, Harry F. Sinclair, of Oklahoma, owner of the Newark club, and Charles Weegham, of Chicago, participated.

Phillip Ball, owner of the St. Louis Federals, was invited by Mr. Sinclair to come here and take part in the conference. Other baseball officials who expected to participate were Charles T. Chivington president of the American Association, who came from Chicago with the American League committee, President Arthur Barrow, of the International League, and John H. Farrel, secretary of the National association.

Industrial Commission Of State Searching for Murdered Man's Relation

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, O., Dec. 17.—The Ohio Industrial commission has taken up the search for relatives of James Shall, the non-Union painter who was shot and killed at the Christ Hospital annex Thursday, December 9, to which crime Gabriel Sullivan pleaded guilty before Judge Geoghegan yesterday.

Application was made to Stanley S. Stewart in charge of the local

office of the commission for state compensation by W. L. Kayser, contracting painter, who was the employer of Shall. Mr. Kayser stated he did not know whether Shall had any dependents. The state commission therefore will ascertain if the murdered man had any such.

If it is found Shall had no dependents the state will refund the funeral expenses incurred by the employers association.

OIL GIVEN A BOOST OF FIVE CENTS

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Dec. 17.—Failure of oil producers to market the oil they have above ground in the face of repeated advances during the past three months, compelled the purchasing agents to announce a further advance in prices today, five cents a barrel being added to all grades except Ragland, which commanded an increase of two cents. The new prices are: Pennsylvania crude, \$2.15; Cabell, \$1.70; Mercer black, Newcastle and Corning, \$1.65; Somerset, 1.55; Ragland, 72.

Immense quantities of crude oil are held in storage in the West Virginia and Western Pennsylvania fields but very little of it is finding its way to the refineries, who openly declare that they are short of oil.

YOUTHFUL LOVE CHECKED BY THE JUVENILE COURT

(ASSOCIATED PRESS TELEGRAM)
Jefferson, O., Dec. 17.—A warrant for the arrest of one of the bridegrooms, charging him with having misrepresented his age when he obtained a marriage license, caused the sudden postponement of a double wedding at Conneaut yesterday.

At 2 p. m., the hour set for the ceremony, Liberty M. Barker and Roy R. Harley, the two would-be bridegrooms, were in court here trying to explain, and Mable Hoxie and Grace Harley, the brides-to-be, were at their homes in Conneaut in tears.

The warrant claims young Harley swore he was 21 when in fact he will not be of age until December 19. It is also alleged that his sister, Grace, who was to have wed Barker, misrepresented her age, saying she was 18 when she is only 17. There is no question as to the age of Barker, who is 23, or of Miss Hoxie, Harley's fiancée, who is 22.

The case was continued until Monday when the girls will also appear. Meanwhile the nuptials are postponed.

SAFE BLOWN BY NERVY "YEGGS" AT LE ROY, O.

(ASSOCIATED PRESS TELEGRAM)
Le Roy, O., Dec. 17.—Burglars, who prevented an alarm being given by using their shooting irons, broke into the postoffice here early today, blew the safe and got away with \$200 worth of stamps and money. At 2 o'clock a. m., Mitchell Moyer, 12 years of age, son of former Postmaster E. W. Moyer, who lives beside the postoffice, was awakened. He opened the window and saw three men alight from a rubber-tired buggy and start to jimmy the postoffice window. He yelled to them. They replied "get your head in that window and keep still or we will shoot you full of holes."

The boy shut the window and woke his parents. Moyer, senior, tried to call Seville and Medina by telephone and give the alarm. The robbers heard the telephone bell ring and began shooting the occupants a scare and preventing the alarm being given. After working an hour the thieves finished their job and drove away unhindered.

SCARCITY OF COAL CAUSES BIG ADVANCE

(ASSOCIATED PRESS TELEGRAM)
Connellsville, Pa., Dec. 17.—A threatened scarcity in fuel has resulted in an advance of nearly one hundred per cent in the price of coal in this district during the last two months. Coal which formerly sold at 85 cents a gross ton now costs \$1.50 and upwards at the mines. Local dealers at a meeting yesterday advanced the price of domestic fuel from one to two cents a bushel. As a result of this action the consumer, dealers say, will have to pay from 50 cents to \$1 a load more.

ITALIANS ASHORE AT AVLONA

Key to Adriatic May Witness Test of Strength

TO REORGANIZE SERBIANS

Supplies Which Have Been Landed by the Allies Are Being Distributed to Serb Army Which is Concentrating in Albania Where Its Depleted Ranks Are Being Reformed.

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 17.—With affairs in Greece assuming a quieter character there has been partial deflection of interest in European capitals to the Italian plans regarding Albania.

The general belief seems to be that the operations in this new theatre of war will be on a grand scale. The Italians in strength, are already safely ashore at Avlona, as well as at certain new points of strategic importance.

For years Avlona has been regarded by Italy and Austria alike as the key to the Adriatic and it is a maximum in south central Europe that whoever commands Avlona commands the Adriatic.

Avlona has been for several months occupied by a light force of Italians for police purposes.

The anxiety with which Italy watched the Albanian coast is due to the existence there of good harbors, in contrast with the total absence of such harbors along the Adriatic coast. Should any of these harbors fall into hostile hands the Italian fleet would be gravely handicapped.

Italy is expected to contribute greatly to the reorganization of the Serbian army which is now concentrating in Albania where its ranks are being reformed and supplies, landed by the allies during the past fortnight, distributed.

Stubborn fighting continues between the Serbians and Bulgarians along the Drin river in Albania.

In Greece the assurances which the Greek government received that its territory would remain for the present free of aggression not only by Bulgarians, but by Austria-Hungarian troops has produced relief and optimism, and it is believed by many that the central powers and their allies propose to leave the entente powers in status quo at Saloniki, themselves fortifying north of the neutral zone and turning their main attention to other points.

The English press questions the sincerity of the Bulgarian-German assurances to Greece. The Daily Mail declares "a mixture of blandishments and threats is being administered to Greece with the ultimate object of inducing her to assist in pushing the allies out of Saloniki. AMBASSADOR PENFIELD BENDS EVERY EFFORT TO KEEP RELATIONS FRIENDLY

Ambassador Penfield.

If relations between the United States and Austria are broken off the fault will not rest with Ambassador Penfield, the American representative at Vienna. Penfield is using all the arts of diplomacy to keep relations friendly, but has given the Austrian government to understand that this country will not recede from its position with regard to submarine warfare.

that similar troubles are being met with there, but Petrograd still believes the Germans are preparing a great push in the Divinsk region. Full details of an attempted Turkish-German coup in Persia, received in London show that the alleged plot failed only by the narrowest margin. Russians have now occupied the town of Hamadan and the campaign is proceeding actively in this district.

PARIS COMMENTS ON THE AUSTRIAN REPLY TO U. S.

(ASSOCIATED PRESS TELEGRAM)
Paris, Dec. 17.—"We shall be very much astonished if the American government does not reply to the Austrian note by simply instructing Ambassador Penfield to ask for his passports and by handing his passports to the Austrian charge at Washington," says the Figaro. "Austria's answer is a barely disguised refusal. The only satisfaction Austria gives the United States is that she does not keep the United States waiting—waiting for it. President Wilson's long-animosity has its limits, and the dismissal of the Austrian charge at Washington and the recall of Ambassador Penfield will show this is not a question of a fit of energy, but a carefully thought out resolution."

OHIO RIVERS REPORTED AT FLOOD TIDE

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, O., Dec. 17.—Heavy rains last night and today succeeded the sleet and snow which fell yesterday throughout this section of the Ohio Valley with the result that almost every small stream within a radius of 50 miles from here is at flood tide. Reports from Central Kentucky likewise indicate that the rain has been heavy and that streams are in danger of breaking out of their banks if the rains continue.

HEAVY RAINS CAUSE FLOODS IN LOWLANDS

(ASSOCIATED PRESS TELEGRAM)
Louisville, Ky., Dec. 17.—One of the heaviest rains in years has fallen over Kentucky within the last 36 hours, swelling small streams and flooding lowlands but reports indicate as yet, comparatively little damage.

At Louisville, the weather bureau reports a rainfall of 4.19 inches during the 24 hours ending at 7 a. m. today. At Frankfort, 2.69 inches are reported, and at Paducah, in the western part of the state, 2.35 inches.

The heaviest fall, 4.42 inches, is reported from Cloverport. Reports to the weather bureau from Frankfort, show the Kentucky river rose seventeen feet in twenty-four hours and at High Bridge twelve and one half feet. The Ohio river at Madison, Ind., near the mouth of the Kentucky river, rose 8.8 feet.

MOUNTAIN STREAMS RISING RAPIDLY.

(ASSOCIATED PRESS TELEGRAM)
Lexington, Ky., Dec. 17.—A thirty foot rise in the Kentucky river at Jackson, following heavy rains which has been continuous for the last 36 hours was reported in a message received here today. The message said that all mountain streams were at flood tide and rising rapidly and that further rains would damage many small villages.

ARE ENTITLED TO THEIR RIGHTS IN PRIVY COUNCIL

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 17.—The attempt to deprive Sir Edgar Speyer and Sir Ernest Cassel of membership in the privy council on account of their German birth has been defeated. The lord chief justice, Baron Reading, in his judgment declared Sir Edgar and Sir Ernest as naturalized British subjects had all the rights and privileges of British subjects and therefore were entitled to be members of the privy council.

REPLY

Of Austria on Ancona Note Received Last Night

PRESIDENT AND HIS CABINET

Discussed Same at Meeting Held Today

SITUATION IS UNCHANGED

Official Text of Reply Will Not Be Made Public Until Officials Have Had Opportunity to Study Note More Carefully—Situation Will Not Affect President's Honeymoon Trip.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 17.—Austria's reply to Secretary Lansing's note on the Ancona, received during the night was laid today before President Wilson and the cabinet and discussed more than an hour.

The gravity of the situation caused by Austria's rejoinder to the American demands which is considered evasive, unsatisfactory and unacceptable, remained unchanged.

The next step will not be decided upon until some minor points not clear in the official text are checked up. The apparent discrepancies are not important and may be due to transmission or translation from the state department code, but they will be cleared up before another move is made.

Secretary Lansing said he did not know when the official text of the note would be given out for publication and that it certainly would not be made public until he had an opportunity to study it fully.

Another note setting out why the United States cannot accept Austria's reply will go forward before the situation takes on a more settled aspect. Meanwhile there are some opportunities and even hints of informal negotiations which might smooth out the troubled situation.

Frequent calls of Baron Zweidnek the Austrian charge at the state department give some color to discussion along that line and those who expect that at the end of the differences will be adjusted, counting on the influence of Berlin to counsel Vienna to avoid a break. How much ground there is for such an expectation is not disclosed by those who entertain it.

So far as was apparent today the situation has not affected President Wilson's plan for going on his honeymoon after his wedding tomorrow night.

Before the president leaves, however, he will agree with Secretary Lansing on the outline of a reply to Austria's note and if there should be any further change in the situation, Mr. Lansing will go to confer with the president at the place where he will spend his honeymoon. That place, however, has so far been kept secret.

Austria's reply to the Ancona note was received at the state department during the night and early today was being decoded to be laid before President Wilson and Secretary Lansing.

A dispatch from Ambassador Penfield, evidently delayed in transmission, was received just ahead of the note. It is said the report had been delivered to him by the Vienna Foreign office Wednesday at noon and that he had immediately forwarded it to Washington.

The report is 1,000 words long. The translators were put to work at once.

When the cabinet met, however, translators were still at work decoding the note, and the text was not available.

The translators finished their work, however, while the cabinet was in session, and a state department messenger brought the note to the White House. It at once was sent in to Secretary Lansing.

An announcement from Vienna that the communication had been handed to Ambassador Penfield at noon Wednesday made it practically certain it would reach here today, as it usually takes 48 hours for an official dispatch to reach this country from Vienna.

The official text of the note is identical with the unofficial version, as contained in press dispatches, the United States will regard it as entirely unsatisfactory and unacceptable.

The unofficial text indicated that the Austrian government will not comply with the American demands but proposes an exchange of views and asks the United States government to specify its charges against the commander of the submarine which destroyed the Ancona.

It was understood that should the official text contain such suggestions the United States will immediately dispatch a second note to Vienna insisting on compliance with its demands.

ACQUITTED OF ARSON CHARGE.
Sidney, Dec. 17.—John Barhorst, ex-mayor of Ft. Loraine, was acquitted of a charge of arson in common pleas court yesterday. Barhorst was charged with burning a barn at Ft. Loraine.

THE EMPTY STOCKING—A CHRISTMAS MORNING TRAGEDY

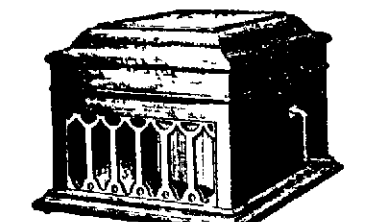

Probably one of the greatest tragedies that ever comes into the life of a little child is the tragedy of the empty stocking on Christmas morning. Thanks to the Associated Charities and the people behind the Community Christmas Tree in Newark this year there will be few such tragedies in this city this year.

The Advocate invites everybody—every reader—to respond to the call for help. Send to this office your contribution, \$1, \$5, \$10—any amount you can spare. The money goes into a fund that will spread Christmas cheer among those who need it next week.

If you want to avert the tragedy of the empty stocking in one home in Newark write to the Advocate and send along your contribution to the Community Christmas Tree fund. Look at the picture again, Mr. Good Fellow. Then decide whether it is worth your while to fill the stocking which otherwise would be empty on Christmas morning.

A REVIVAL OF PEWTER

Is a revival of a fine thing that had somehow temporarily fallen into the discard. It is a thoroughly honest material, the shapes are simple and it is easily cared for. Pitchers, platters, trays and vegetable dishes are some of the most useful articles made in pewter.

Offers have been made to the tree committee in charge of the community Christmas tree celebration of several different evergreens for use in the court house park in connection with the program being arranged for Christmas eve. One from the territory south of Newark is being considered and another from the Welsh hills vicinity will be looked over before the choice is made.

Messrs. W. M. Morgan, F. L. Johnson and Harry Scott constitute the committee which will select the tree. It is possible that a permanent tree will not be provided at this time but arrangements made to secure one at a season when transplanting is more likely to secure a permanent growth.

Contributions continue to come in to the newspaper offices receiving the donations for the tree fund. Two friends sent in \$1 each today. But a little more than a week remains in which to subscribe to the fund. Newark friends of the movement must come forward quickly and add to the fund for the brightening of Newark homes which have little of the Christmas cheer.

The Advocate has already detailed how the fund was spent last year. How shoes, stockings, underwear and other clothing were provided for poor children who were actually in need of such articles to protect them from the cold. It is estimated that children in more than fifty families thus received aid which would have been impossible but for this fund.

The Salvation Army which got a part of the fund, used a portion of its share for the purchase of things which went into the Christmas dinner baskets provided for the poor. No similar amount of money expended in Newark did more good or went to a more worthy cause. It has the hearty approval of the Associated Charities, which this year is supervising the arrangements. Send your donation to the Advocate or the American Tribune today.

CREATED IN COURT TODAY BY WOMAN ON TRIAL FOR FIRST DEGREE MURDER.

Shouted Denial of Testimony Given by a Witness for the State—On Verge of Collapse.

(ASSOCIATED PRESS TELEGRAM)
St. Louis, Mo., Dec. 17.—Miss Sofia Calzavio, on trial here for first degree murder in connection with the death of Dominic Lupresto 44, created a turore in court today when she shouted a denial of testimony given by Joseph Allen a witness for the state. Allen testified that he saw the woman shoot Lupresto and he said "I killed him and I am glad one of my enemies is gone."

Miss Calzavio leaned to her feet and with her hair in disorder and tears pouring down her cheeks, she pointed her finger at Allen and cried "It isn't so." Her lawyers and a physician calmed her but she is on the verge of a collapse.

TRENTINO MAY BE OBJECTIVE OF NEXT ITALIAN OFFENSIVE

Intimations of a possible renewal of the Italian offensive in the Trentino, this time from the west, are contained in the latest official bulletins from Vienna. It is admitted that Austrian outposts have been driven in in the Giudicaria Valley, west of Lake Garda. The first Italian attacks in this region came straight up the Adige Valley from the south, taking Ala, but were stopped just south of Rovereto. Other attacks from the east made only slight progress. Within the last few months, however, the Italians have been working their way toward Riva from the west, and now, apparently, are on the move along this whole western flank, toward Trent.

Says Body Is a Poison Factory

Urges everyone to drink a glass of hot water before breakfast.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

CHARGE

RUSSIANS DESTROYED A BUILDING FLYING THE AMERICAN FLAG.

Violations of International Law is Alleged—Claims That Armen Shelled Turkish Hospital.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Dec. 17.—(By wireless to Saville.)—The charge that Russian warships several months ago destroyed a building flying the American flag is made in official publication of the Turkish government, the Overseas Agency announced today. The statement, dealing with various allegations of violations of international law by enemies of Turkey follows:

"The Turkish government has published reports concerning violations of international law by the enemy. Among them are the following: "On July 16 and 17, enemy airmen shelled the hospital at Havouz-lou-Dortnop. "Turkish prisoners were treated inhumanely by the French and British and forced to assist in front of the works near Seddul-Bahr. "The enemy fired with machine guns on peaceful inhabitants of Dikili, in Karasi, Asiatic Turkey. "On July 15 Russian torpedo boat destroyed a United States building flying the United States flag at Port."

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug-store a 50-cent bottle of "Wyeth's" Sage and Sulphur Compound. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair, beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is expensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

AUTO RIDING

And other outdoor recreations are highly beneficial but you should protect the face and hands with frequent applications of Sheeran's Cream of Quince Seed. This delightful toilet aid will keep the complexion smooth and clear and the hands white and soft. Price 25c. Evans Drug Store.

AD WOLGAST TO MEET LEACH CROSS

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 17.—The injury suffered by Ad Wolgast in his bout with Frank Whitney at Atlanta last Tuesday night is not so serious as to prevent his match with Leach Cross here tonight. To make sure there would be no cancellation of the bout at this last moment a physician acting for the state athletic commission examined Wolgast and finding that he has only a cut on the forehead, gave him a clean bill of health.

Alhambra Tonight and Tomorrow. Dainty, magnetic Marguerite Clark, the idol of millions of photograph fans, is the star of the Famous Players Film Company's screen adaptation of Mark Twain's fanciful romance, "The Prince and the Pauper," the first work of America's greatest humorist to be presented to the motion picture public, which is the Paramount feature attraction at the Alhambra.

Every man, woman and child is familiar with the great American humorist's inimitable story of the ambitious little beggar and the adventurous little prince, each of whom craved the life and freedom of the other. It is a rare combination of quaint humor, rich with the sparkling satire that has made the name of Mark Twain revered and loved the world over, and the occasional dash of pathos which makes the laughter the richer. And there is now and then a real thrill that shows the master touch of the gifted author.

It is the sort of story that all will delight in and the photo production is one that can well be called part of a liberal education, since it introduced to the motion picture public the work of one of the nation's greatest men of letters.

Of particular interest is the fact that the motion picture version of the play has afforded a remarkable opportunity for unusual double exposure work of a most exciting nature. When the play was produced on the stage, it was always necessary to so arrange the scenes that the character who played the dual role of the prince and the pauper never appeared upon the stage at the same time. The marvels of the photography, however, have rendered this inartistic performance wholly unnecessary and has made possible strict adherence to all the delightful details of the original story.

The Luring Lights.

Every girl who has experienced a desire to go on the stage, will be deeply interested in "The Lure of the Lights," the four-act drama featuring Miss Stella Hoban, which comes to the Grand on next Sunday. This powerful production was adapted by Kalem from George H. Brennan's famous novel, "Anna Malleen." It is the story of a girl's rise from obscurity to fame. Of what befalls her from the time she leaves the little country village, to the day when Fate directs that she shall step into the place vacated by the star who has been overtaken by accident. The story is replete with human interest, and one of the tense scenes depicts Anna when she meets a theatrical agent who is a human culture. Don't fail to see "The Luring Lights," at the Grand next Sunday.

At Auditorium.

Full of the tang of the sea, the quaint scenes of a Down East island fishing village and the refined surroundings of a home of wealth, "A Daughter of the Sea," the latest

Equitable's five part features at the Auditorium theatre today and Saturday is a photoplay of remarkable charm and force. Little Miss Maribel Ostriche, who is the fisher maiden, is a screen star of acknowledged fame, which is materially added to by her brilliant impersonation in this striking presentation of a remarkable story.

DENISON NOT ABLE TO BOOK CARNEGIE TECH

Granville, Dec. 17.—Denison football players were given something to look forward to yesterday in next year's gridiron dates. Right games have been provided on the 1916 menu and there are possibilities of a ninth being appended. Four of the eight are home affairs.

Otterbein alumni in Dayton is attempting to bring Denison there as an opponent to the Westerville eleven. There is a possibility that the deal may be consummated, as the Miami date of Nov. 4 is not definite. Mt. Union and Marshall College of Huntington, which were played last year, are replaced by Otterbein and Ohio Northern.

Negotiations with Colgate, Michigan Aggies, Oberlin, Ohio, Carnegie Tech and Mt. Union failed to materialize, as dates could not be arranged satisfactory to both parties. Colgate made overtures for a Granville engagement, but a previous arrangement of dates prevented a game on the day requested by the New Yorkers.

Efforts were successfully made to secure games with teams which led in Ohio conference strife this year and which are expected to be strong next season. The dates:
Sept. 30—Otterbein,
Oct. 7—Cincinnati,
Oct. 14—Wittenberg at Springfield.
Oct. 21—Reserve at Cleveland.
Oct. 29—Ohio Northern.
Nov. 4—Miami at Dayton.
Nov. 11—Akron at Akron.
Nov. 18—Ohio Wesleyan.

Granville

(Special to Advocate.)

Granville, O., Dec. 17.—A thick coating of ice on trolley wire and rails yesterday afternoon rather interfered with the schedule on the electric line between Newark and Granville, culminating in real trouble at 6 o'clock. As the car which is due in Granville at 5:30 was attempting to round the curve on the way to the T. & O. C. station, the trolley wire broke and came down with a crash, there was a loud explosion and the sound of smashing glass that brought people on a run to the scene of the casualty. Conductor Karl Weiant was thrown from the platform and the motorman narrowly escaped serious injury. The damage was repaired in an hour or so, and traffic resumed.

Mr. T. M. Kier who circulated the paper in behalf of the "Good Fellowship" Christmas fund started by Mr. J. S. Jones with a \$50 subscription, said last night in commenting upon the movement that he never had seen a town like Granville for generous response to any worthy appeal. That he had had no difficulty whatever in raising the \$200 which the men presented to the Kings Daughters last evening at the joint meeting held in their rooms in Linden flats. This money raised by the men is to be disbursed by the Daughters in ways that seem to them best to secure a fine Christmas for as many families as possible. Cash subscriptions will be received by Mr. Kier. Contributions of clothing, food and toys may be taken to the rooms on Dec. 23.

At the Ewart Bible essay contest of the Ciceronian library society held on Wednesday evening, December 15, there were five contestants. The first prize was awarded to Arthur Bawden of Granville, grandson of the late Samson Talbot, a former president of Denison university; the second prize to Mr. Leroy Klein.

Dr. John S. Lyon of the board of education of the Northern Baptist convention, has been the guest of President Chamberlain during the past week.

Dr. Howard L. Williams, a veterinary surgeon of Newark, who resides in Newark, is seriously ill at the Sanitarium in Newark. His brother, Dr. George Williams of Columbus, who was called to see him will probably perform an operation for his relief.

Broadway is again being exhumed—if any "new fangled germs" are released from their hundred years' captivity one can welcome them as real Granville pioneers. Work has begun on the storm sewers for the new disposal plant and carried on as the weather permits.

At the regular meeting of lodge No. 11 F. and A. M. last evening, Mr. L. A. Austin read a letter from Mrs. Curtiss-Jewell in which she enclosed the dues of her son the late Mr. Larson Curtiss, who graduated from Denison, and was a member of Beta Theta Pi fraternity. Each year, on the anniversary of his death the pulpit of the Baptist church is decorated in his memory by his devoted mother.

HAS RARE COLLECTION OF OLD SCHOOL BOOKS.

In the library of Prof. Lewis F. Anderson, head of the department of history of education of the Ohio State University, is a collector of school books that would make grandmother, or even great-grandmother, remember her school days if she were to open their yellow card-board backs. Early arithmetics, geographies and dog-eared spelling-books vie with one another in their efforts to be the oldest occupant of the shelves. At present the place of honor is accorded a pinkish covered volume of Erasmus "Adagio," printed in 1650. Others in the collection are the famous Webster spelling-book published in 1767, a Pike's arithmetic of 1787 and the first American grammar, published in 1795.

That astronomy was a recognized school study in the early nineteenth century is shown by the presence of an astronomy school textbook, the first edition of which appeared in 1828, while the first botany textbook for schoolroom use was published in 1843. Co-ed students, studying home economics, may be interested to know that this same subject was taught in the girls' schools of America in the early '40's. The text-book used was entitled "A Book on Domestic Economy," and was written in 1842 by Catherine Beecher, a sister of Henry Ward Beecher and Harriet Beecher Stowe.

An examination of the histories shows that they existed first as a portion of the school reader and that one of the first real histories, called the "Peter Parley History," was written in conversational form. Goldsmith and Hawthorne were engaged back writers for these, and many of the pages bear marks of their skill. The first music book was published in 1845, and a history of education appeared in 1844.

"Although not as extensive a collection as I should like to have," said Professor Anderson, "they are invaluable to me in my original research work in history of education. I have collected them partly through book exchange and partly by hauling old book shops, where many families have sold school books that have been in the family for three or four generations."

Holiday Fire Danger.
Merchants and others having special holiday decorations should be unusually careful about the hazards of fire. In addition to the danger of life and property, a fire in a crowded store, bazaar or church is apt to start a panic, and a preventable fire is always a poor advertisement for a business house. Another reason is that the use of inflammable materials for decorations, and of amateur electric wiring in store windows and displays, may void the insurance in case of fire. All policies provide that they are void "if the hazard be increased by any means within the control or knowledge of the insured." Temporary electric wiring should be officially inspected, approved non-combustible or fireproofed materials should be used for decorations, and the ordinary precautions against fires and panics should be redoubled in order that the holiday season may not be marred by a tragedy.

School Code Upheld.
According to the decision announced here the Court of Appeals for Holmes County has upheld the constitutionality of the school code passed in 1914. The court held that members of the county board of education are not actually county officers, since their jurisdiction does not include city school districts in any county, and therefore need not be elected by popular vote. The constitution provides that all county officers shall be elected by the people. Members of the county boards of education are appointed by the presidents of all district boards within the county and the law was attacked as unconstitutional on this basis. The school code now considered the most important and worthy of all the Co. progressive legislation, first met with opposition, is now most popular everywhere. It has now met every test in law and use.

The state emergency board has refused to act in the matter of making up the deficit created by the Willis Board of Agriculture in the conduct of the state fair. Of those who are left to hold the bag the newspapers are the principal creditors, though it is said many prize purses of the fair remain unpaid. The new State Board of Agriculture made a miserable failure of the state fair. Free passes, favors for political associates, inflated prices paid to supply meat, reduced privileges to fakers, and \$600 worth of taxi hire for board members helped to swell the deficit. It's Willis's decentralized board.

John A. Cline of Cleveland, former prosecutor of Cuyahoga county, is a prospective candidate for the Republican nomination for governor. Assurance of support have gone to him from Hamilton and Franklin counties. He is not active though he has been scouting the trail, but he is benevolently receptive. The story is

there have been stories more or less plausible, from time to time, telling of military contracts which profited certain individuals more than the governments concerned. There is no reason to doubt some portion of such stories. The seeker after easy money is always on deck and does not scruple to much how it is obtained. But in this war it has been believed to be the rule that in addition to the people generally being aroused, the governments were more alert than used to be the case; that supplies were closely inspected and that the following of specifications and fair prices were insisted upon.
In no country has the call of the Nation been answered in finer fashion than in France; there can be no doubt of the patriotism of the people everywhere, and all accounts agree that they have been united for the war. So it may be believed that charges that they have been preyed upon will be thoroughly gone into. Freedom of debate is not an unknown quantity in the French Chamber, nor is the temper of the people at present likely to be such that ignoring of grave accusations will be permitted. And, besides, General Gallieni, the Minister of War, has shown from the outset of the war, both in his capacity as Military Governor of Paris and as member of the Government, that he has a habit of doing things. His policy appears to be contained in the advice he gave the member who brought up the scandal: "Say little, write less, but strike hard."

A Gentle Warning.
(Louisville Courier-Journal.)
Something is gripping the esteemed London Graphic.
It discusses President Wilson's message to Congress with unmistakable indications of pain. These are particularly in evidence as it ruminates upon his remarks touching the establishment of a merchant marine. "Reference to the revival of the ship purchase bill," says the Graphic, "is ominous. If President Wilson has in mind some scheme for the acquisition of the German ships now interned in American harbors our government should not lose a moment in intimating in the friendliest spirit that the allies cannot consent to any transaction which would enrich the German coffers and undo the work of our navy."
Really it is foolish for our British contemporary to worry itself over this point. It would be much wiser to rest in the assurance—which it should have had all along, but which the Courier-Journal now cheerfully gives it—that if our government makes the mistake of going into the shipping business and chooses to buy German ships it will buy them, without asking the consent of the allies or anybody else except the owners of the ships.
In short, we will, if it suits our purpose, buy from anybody who has ships to sell, just as now we sell what we have for sale—including munitions of war—to anybody who wishes to buy, regardless of whether the purchaser be from the camps of the allies or of the enemies of the allies.

Ship Building.
(Philadelphia Record.)
The present time really seems inopportune for lamentations over our decadent merchant marine. About 160 steamers have been added to American registry under legislation of last year. Over 150 vessels are in process of construction in our shipyards, and a large proportion of these are for the deep sea service. All the shipyards are rushed with business. On account of freight rates, American ship owners are realizing large profits. The Pacific Mail is going out of business, but its larger steamers have been transferred to the Atlantic, and its smaller ones have been bought by a new corporation, in which the well-known house of Grace & Co. is interested, and will be kept in service with the west coast of South America. Our exports are far larger than ever before, which imports a touch of humor to suggestions that we are at the mercy of foreigners in doing our export business. All the conditions seem to be distinctly unfavorable to the arguments for the political fostering of our merchant marine. A new corporation with a capital of \$3,000,000 is about to construct a yard on New York harbor, and enter shipbuilding on a large scale.

Graft Scandal in France.
(Pittsburgh Dispatch.)
Perhaps every war has its quota of grafters who fatten on their country's misfortune, but it is none the less somewhat of a shock to read of the charges made in the French Chamber of Deputies at a time when the world was filled with admiration not only of the showing made by the soldiers of the Republic at the front, but of the patriotism of those who remained at home in doing their share of service, particularly in the remarkable response to the "loan of victory." It is the first allegation of extensive fraud to be made under such circumstances in any country during the present war, although

Cost of Government.
The Ohio Manufacturers' Association, at its recent meeting at the Virginia Hotel, inaugurated a movement for reducing the cost of government, national and state, especially the latter, by eliminating waste and cutting out useless offices. Such a purpose is entitled to universal support. Think of the Oyster.
The United States Bureau of Fisheries sings the praises of the oyster. It wants the general public to become better acquainted with the oyster. Among edible commodities, it says, natural or artificial, this food alone has not advanced in cost in 15 years. Yet the quality of the product in that period has steadily improved until, today, the oyster is immeasurably better than ever before. And there, says the bureau, are two facts worth considering, especially since the prices of eggs, poultry and meats have advanced in the same length of time from 25 to 75 per cent and without any corresponding improvement in quality, either. This is information that may well be put to practical use. If it is prejudice, based on ignorance, that leads us to ignore the oyster as an article of diet, the sooner we digest the bureau's statement of fact—and put it to the test—the sooner will our cost of living decrease. —Indianapolis News.

The lad who goes hunting for a wife usually manages to bag his trousers at the knees.
While perfume is worth what you pay for it, you can't expect to get a scent's worth.
Maybe we would all be more willing to help a man out if we thought he would stay out.
The opal gained its reputation as an unlucky stone through the fact that the man who first wrote of the virtues of the various gems gave a girl an engagement ring set with opals and then married her.
The trouble with some men's heads is that the part they talk with works too fast for the part they think with.
Any good looking girl can tell you that it is always safe to judge by appearances.
Any failure can tell you that success is a matter of luck.
Why is it that a note always falls due when you can't meet it?
If a man has a cold for three days he will always tell you that he has had the blamed thing for about three weeks.
The old fashioned fat girl who confined all of her swimming stunts to a bath in the washbasin in the kitchen every Saturday night now has a fat daughter who gets her shape into the papers by breaking a long distance swimming record.
When daughter is sixteen, mother is always afraid that daughter will get married. But about ten years later mother is always afraid that daughter won't get married.

In Milady's Boudoir

By Gwen Sears

Color, changing expression, and liveliness play an important part in the impression we create with people. These the camera does not get, except a little of the animation. So we must resort to the pencil and rouge box to take the place of what the camera does not get. Take your mouth, for instance. Perhaps your lips are thin. Without a little rouge your mouth will show thin and hard lined. Or perhaps your mouth is extremely wide. The camera emphasizes this defect as it does the thin lip.

A wonderful improvement will be made in your photograph if you will sit down before the mirror in the studio and apply a little lip rouge, either in stick or paste form, to the center of each lip until you have painted it a dark red. Don't under any circumstances extend the application of rouge beyond the center of each lip or you will succeed in making the mouth look worse.

The most frequently made mistake of women in their photographs is the desire to have their hair dressed in a different way than that which relatives and friends are familiar with. Don't go to the hair dressers just before you have your picture taken. Unless the hair dresser is one who has been doing your hair for some time and knows just what style is becoming and brings out your best points, there is going to be an artificial effect in your negatives. Instead of looking like yourself, your

own personality will be lost.

Dress in the simplest gown you have if you insist on a full length picture, for if the hat of a few seasons ago looks sad and abject, grief is written all over the fashionable dress of a few seasons back. If you can only have one picture taken in years, there is no better thing to choose than the head, neck and shoulder picture. It remains attractive for any time almost. Don't go to the photographers when you are tired. The morning is the best time, when you are bright and fresh from a good sleep.

BURGLARS VISIT GALLIPOLIS.
Gallipolis, O., Dec. 17.—Three business places including the Gallipolis theatre were burglarized last night and a considerable quantity of money and merchandise stolen.

Society

Gummer—McCleery.

A license was issued in Columbus on Thursday to Mr. Charles Gummer, formerly of Tenth street, this city, and Miss Mary McCleery. Miss McCleery is the daughter of the late Mayor S. H. McCleery and her mother resides in Tenth street, this city. Rev. Mr. Hein was named to officiate. Mr. Gummer while located in Newark was employed as a molder by the Wehrle company.

Valentine—Baker.

On Thursday afternoon at 3:30 o'clock Rev. A. B. Cox, pastor of the East Main street United Brethren church solemnized the marriage of Miss Edith V. Baker and Mr. Theodore R. Valentine. Both the bride and bridegroom reside in Chatham where they will make their future home.

The Jolly Stitches were very pleasantly entertained by Mrs. Lewis Coffman at her home in Jackson town on Tuesday, December 14. After a busy hour spent with needle and thimble a dainty lunch was served to the following members: Mesdames E. V. Beard, L. E. Crow, J. F. Davis, W. V. Davis, C. E. Frymutter, M. C. Harter, T. C. Jurr, W. E. Wallace. The guests were Miss Sarah Swan and Georgie Osburn and Hazel Osbourne, and Master Oliver Davis, Mr. Lewis Coffman. The next meeting will be with Mrs. L. E. Crow, on December 28, at her home in Jackson town.

The Harmonious Embroidery club met Tuesday with Mrs. Eugene Hartshorn in the Granville road.

Dinner was served upon the arrival of the guests and was greatly enjoyed by all.

In the "Table Talks" contest, Mrs. C. B. Keller proved to be the most efficient. The afternoon was devoted to usual business meeting and the Christmas box in which each received a beautiful gift. Mrs. E. Miller and Miss Elizabeth King were the guests of the club.

Miss Leah Williams the eleven-year-old daughter of Mr. and Mrs. Milton Williams of North Williams street gave her recital last evening as announced. Her execution of the staccato dot also legato playing and use of the pedal was very fine showing her interpretation of each number. She was assisted by Miss Emma Armintrout and Miss Golda Williams. At the conclusion of the recital Leah received a certificate for one year's work in the branch of the Sherwood Music School of Chicago.

The Builders class was delightfully entertained at the parsonage of the West End Church of Christ.

Games and music were furnished by members of the class and at a late hour refreshments were served to the following: Misses Marie Cunningham, Marie McPeck, Ruby Wright, Ruth Deal, Grace Steele, Pearl Atwood, Goldie McPeck, Ethel Hall, Mabel Hall, Frances Swern, Mabel Priest, Messrs. Robert Deal, Glenn Wright, Harold Priest, Ernest Heim, Clayton Melick, Wm. Wright, Arthur Dimples and the host, Rev. Kellar Shelar.

Mr. and Mrs. Homer Jones delightfully entertained the members of the Alternate club on Thursday evening at their home in Elmwood avenue. Dinner was served at 7 o'clock and the evening was devoted to euchre. The souvenirs were awarded to Mrs. Ralph Davis and Mrs. George Graesser. The club members are Mr. and Mrs. W. W. Gard, Mr. and Mrs. Lawrence Kreis, Mr. and Mrs. Ralph Davis, Dr. and Mrs. H. B. Anderson, Mr. and Mrs. William Schrader. The guests of the club were Mr. and Mrs. George Graesser and Mr. and Mrs. W. J. Fitzgibbon.

Mrs. Robbins Hunter entertained with a luncheon of beautiful appointments at her home in Buena Vista street on Thursday honoring Miss Ida Moore who is the guest of her parents, Mr. and Mrs. Marvelton Moore. The favors were beautiful colonial bouquets.

Mr. and Mrs. Lee Fleming entertained their card club on Thursday evening at their home in Hazelwood avenue. The hours were spent in playing pedro and a delicious supper was served. Five tables were arranged for the members.

Mrs. G. W. Corday delightfully entertained her boarders last evening with a 6 o'clock dinner served in courses. The Christmas spirit and festivities were enjoyed by all.

The Lambda Sigma club met Thursday afternoon at the home of Miss Esther Reese in Columbia street. After having spent a most delightful afternoon an appetizing luncheon was served.

The next meeting will be at the home of Miss Ruth Jarvis in Central avenue.

WINTER WHEAT DECREASE.
Washington, Dec. 17.—Winter wheat was sown this fall on 37,256,000 acres, a decrease of 11.3 per cent from the revised estimated area sown in the fall in 1914, the department of agriculture today announced.

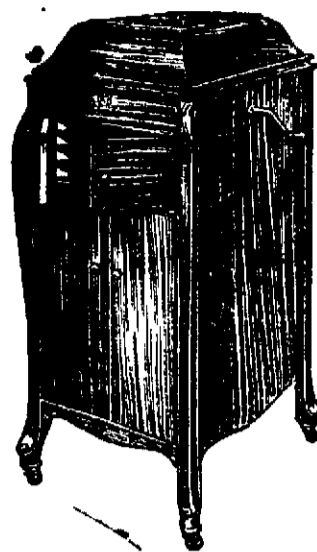

TO HAVE WAVY HAIR LIKE NATURE'S OWN

Here's a brand new recipe, of unquestioned merit, that I advise you to make note of, unless you are one of the few possessors of naturally wavy hair. It's very simple, for all you need do is to apply a little liquid salmerin at night—with a clean tooth brush—and in the morning you will find this has dried in the sweetest curls and waves imaginable. They will be just like Nature's own having no resemblance to the effect produced by a hot iron, which is so artificial.

The application is really beneficial to the hair and gives it that lively lustre so much desired. As it is so easy to obtain a few ounces of the liquid salmerin from your druggist—sufficient to keep the hair curly for many weeks—there is no reason now for putting up with either that straight, contrary hair or with the curling iron nuisance.—Marie Demarest in Pilgrim Magazine.

Victor Supremacy

Is Linked With the World's Greatest Artists

The Victrola IS the world's greatest artists—as supreme in its lifelike renditions as the artists themselves.

The Victrola IS the world's greatest artists—to the vast majority of people it affords the only opportunity of hearing the world's greatest artists.

These artists themselves are Victrola enthusiasts. They appreciate the absolute fidelity of the Victrola. They fully realize that hearing them on the Victrola is just the same as hearing them in real life. They give their best to the Victrola, and the Victrola in turn carries their art to all mankind, and treasures it for all generations. Come in and hear the world's greatest artists sing or play and let us explain how easy it is for you to have a Victrola in your home. Don't put it off, there is sure to be a scarcity of Victrolas at the last moment. Make your selection now and we will deliver it on Christmas morning.

Your Boys and Girls

There is a large class of parents who are positively brutal with their little ones. Instead of using reason with a child, instead of being self-controlled and patient, they plant dread in the plastic mind, and though they may not know it, these nervous shocks in early life account for many a mental wreck in later years.

A child quickly comes to understand reason, if reason is applied. He is keenly receptive to truths, and to right ways of doing things. He deserves to have mysteries explained to him. He is entitled to legitimate reasons when he is told that he must not do certain things. It is unfair to insist that he must not commit some act solely because his parent told him not to.

Every Day Etiquette

"A friend secured me an invitation for a reception she was anxious for me to meet. As I could not go it is necessary for me to call on the hostess?" asked Delia.

"Whether you attended the reception or not, you should call upon the hostess within two weeks after the date of the entertainment," advised her mother.

Foster Divorce Case.

In common pleas court on Friday, the court concluded the hearing of the testimony of the witnesses called by both parties in the case of Pearl Foster vs. John Foster. Plaintiff brings the suit asking for a divorce on account of cruelty and other grounds alleged in the petition.

The case came to a close late Friday afternoon after a two days session. The court room throughout the trial was filled with spectators who were kept in a continual uproar of mirth by the sharp repartee engaged in between Attorney Ray Martin and Mrs. Batt, one of the principal witnesses for the defendant. Judge Fulton reserved his decision till a later date.

Miss Anna Lingafelter is rapidly recovering from a recent operation and will soon be able to resume her duties as dressmaker.

Shoes Instead of Christmas Stockings

ALL over New York the children talk of the coming of Santa Claus for weeks before Dec. 25, but there was a time when he was more frequently referred to as St. Nicholas, the Dutch St. Nicholas, or San Claus. Mrs. Van Rensselaer says in her "History of New York": "The stockings that our children hang on Christmas eve were once the shoes that the children of Amsterdam and New Amsterdam set in the chimney corners on the eve of Dec. 6, and the reindeer whose hoofs our children hear represent the horse, descended from Woden's horse Sleipner, upon whose back St. Nicholas still makes his round in Holland. When Catholicism prevailed St. Nicholas was everywhere the children's saint. In Holland, where his personality was modified by memory of Woden, god of the elements and the harvest, he had a peculiar hold on popular affection, which persisted into Protestant times. The children of Holland still believe that he brings the gifts that they always get on the eve of his titular day, Dec. 6."

DECIDE ON THE MARKET VALUE OF SALOON LICENSE

Columbus, Dec. 17.—The supreme court was asked today to pass on the question whether a saloon license has a market value which can be made the basis of a breach of contract suit. The case involving the point arose in Cleveland, where August Koehnny agreed to sell his license to Michael Muhic for \$2000. The Cuyahoga Co. license board refused to allow the transfer, however, and Muhic was compelled to buy another license for \$800. He then sued Koehnny for the \$800 balance, alleging breach of contract and damages of that amount. Both the common pleas and appellate courts held that Koehnny would have to pay the damages.

FIRST CHRISTMAS
AFTER

Did it ever occur to you that
some day the 25th of December will
be "the First Christmas After" in
your home. That's the time they
would miss father most isn't it?

If you were gone the next best
thing would be your gift coming for
that day after year as long as
Christmas was celebrated in your
home.

Opens New Office.
Dr. E. T. Johnson, who formerly
conducted a dental office in East
Newark, has opened an elaborate
dental office at 23 1-2 East State
street, Columbus. Dr. Johnson's
many friends in this city wish him
great success in his new location.

Injured in Fall.
A. G. Smith, register clerk at the
postoffice, suffered a severe laceration
of the left ear Thursday even-
ing, when he fell on the icy steps
leading from the postoffice into the
alley. Carrier Alexander acted as
first aid to the injured man and to-
day Mr. Smith is calling Alexander,
"Dr."

For Children's Christmas.
Right now is the time to send
your contribution to the Community
Christmas tree fund. All contribu-
tions will be used by the Associated
Charities to bring Christmas cheer
to little children who otherwise
would be neglected. Send your con-
tributions to the Advocate now,
please.

Electric Headlights.
The Baltimore & Ohio South-west-
ern division have adopted an innova-
tion in the way of equipping all their
locomotives with electric headlights.
Several engines carrying the new
lights have arrived in Newark dur-

17-4t

ing the past two days. The lights
are placed just above the number
plate on the front of the locomotive
and the electricity is generated by
a steam turbine motor. The power
of illumination afforded by the new
light is very similar to those in use
on the electric lines.

Was Local Visitor.
O. J. Pain, B. and O. storekeeper
at Columbus was a Newark visitor
Thursday.

Ask for Reservations.
A large number of Denison stu-
dents have made application of Penn-
sylvania Ticket Agent Worth for res-
ervations on trains leaving Newark
Saturday. The students are buying
tickets to all parts of the United
States and will spend their Christmas
at home.

Children Ill.
The children of Mr. John Conley
are quarantined at their home in
Eastern avenue suffering with the
chickenpox.

Birth Announcement.
Mr. and Mrs. Harry Pierce of
Granville have announced the birth
of a daughter.

Leave for Florida.
Miss Mildred Gore and brother
James will leave at noon tomorrow
for Cincinnati. They will be joined
there by Mr. George Gore and fam-
ily and all will leave the first of next
week for Tampa, Fla., where they
will spend the holidays.

Quarterly Session.
Rev. R. A. Hitt, superintendent of

Fine Decorations.
The McDaniel restaurant late
Thursday night was the scene of
much activity on the part of the pro-
prietor and his corps of assistants,
who transformed the interior of the
place into a near reproduction of the
famous "Rectors" restaurant as it
appears on Christmas. The decora-
tions were placed under the personal
supervision of William Denny, who
acted as McDaniel's first assistant.

Store Open Only 3 Evenings Next Week
Why?
Because It's Christmas

You'll do many things extra next week because it's Christmas. So will we. The one thing above everything else we want to do is to handle our Christmas trade nicely with consideration for our sales ladies. They leave their homes at 7:30 in the morning and after rushing all day until supper time they welcome the evening for rest. For this reason we have decided

Not to Open Our Store on Monday and Tuesday Evenings

We hope to give you better service in the day time with well rested clerks every morning. The conditions have been much improved in recent years during the Christmas rush. People shop early in the day to avoid the congestions. If this will lighten the weeks work for the sales girls and help them enjoy the good cheer of Christmas, it will meet with a hearty response from everybody. So we ask our customers to assist us in this programme next week by trading as early in the day as possible. All our force will thank you for it. We will be open on evenings before Christmas Wednesday, Thursday and Friday only.

EXCELLENT SHOWING OF WRESTLERS

Paul Bowser, the popular local lightweight wrestler was returned the winner in last night's wrestling match with Young Pardella, a heavy-weight grappler, who hails from Warren, Pa., when the pair met in a handicap contest. Pardella was returned the loser in the bout owing to his inability to throw the local man twice within one hour and a half actual wrestling time.

Pardella not only failed to throw Bowser, but he at no time during the bout was assured of staying the time limit set by himself. Bowser on the other hand did not attempt to stall but went after his heavier opponent from the tap of the gong. Bowser's weight was 163; Pardella's 184.

The 225 fans at the Music Hall suffered a nervous strain for 90 minutes that they long will remember. Pardella being the larger and stronger of the two men gave the appearance of making quick work of Bowser long before the allotted time. Bowser began with a rush that brought the crowd to its feet and for the first few minutes had Pardella grappling with the ozone.

It was fully five minutes before the men went to the mat with Pardella having a temporary advantage.

Bowser wriggled out of a scissor-lock on the body and an arm lock and immediately assumed the offensive. For several minutes the fans were treated to some real clever foot work on the part of both men and when they again went to the mat Bowser had the advantage. No less than fifteen times during the 90 minute grill Pardella had Bowser in a position to pin him to the mat, but the local man's cleverness triumphed over the strength of the Warrenite.

Bowser's ability to break holds combined with his clever foot work came near being the means of Pardella's undoing.

The crowd was quick to see every opportunity afforded Bowser to secure an advantageous hold and would repeatedly shout instructions to Paul. The visitor however, was equal to every occasion and would reverse his tactics and assume the offense. Bowser's showing is made more creditable when it is taken into consideration that Pardella has met some of the greatest grapplers in the world. But Pardella needs no record of flash upon the fans who witnessed the show to convince them that he is all that he is represented to be.

The last ten minutes of the ninety was one of intense excitement. Bowser assumed the offense and in true Carnival style, forced the going to the limit, tore into his man in a final effort to secure a fall. The pace was terrific and one that may have netted him a fall had he had more time to go, but the timer rapped the gong.

In a short speech following the bout Pardella said that he had met such men as Frank Gotch, Henderson, "Bull" Montana and a number of other noted wrestlers, but that Bowser was the toughest he had ever tackled. He said he would like to set Bowser in a return match during the holidays, the go to be to a finish, best two out of three falls. He agreed to contribute 10 per cent of his share of the gate receipts to some local charity organization.

Bowser stated that he had tried every minute to throw Pardella and that he would meet him at the Advocate Friday afternoon and at this time articles will probably be signed for a return match in the near future.

The preliminary to the main bout consisted of 15 minutes of clever wrestling replete with thrills and plenty of excitement. Ed Hazelett, a coming grappler from the west end of the city, met and defeated in two out of three falls, Dave Kerr, who admits New York is his home. Herbert Webber officiated in his usual high class manner.

**BLOODED RACING
STOCK ARRIVES
ON MINNEHAHA**

(Associated Press Telegram)
New York, Dec. 17.—Forty thoroughbred horses, constituting one of the largest importations of racing stock to this country in ten years arrived from England and France on board the steamship Minnehaha today. In the lot are sixteen horses from Clarence H. Mackay's Normandy stock farm. Others are consigned to H. P. Whitney, Francis R. Hitchcock, W. R. Coe and Arthur B. Hancock, of Paris, Ky.

The arrival of Wrack, a six-year old stallion is regarded by horsemen as an important development in racing and breeding conditions in this country. He will be placed on a stock farm in Kentucky.

H. P. Whitney's consignment consists of three yearlings, Sunfish, Miami and a bay colt which has not been named.

In the Mackay consignment are Allumeur, four-year old bay colt, by Meddler-Strike-a-Light, stake winner in England, and Nyack, a two-year old chestnut colt by Uncle Semblance.

Allumeur has won many races in France, capturing the Prix de Leux acqueduct as a two-year old. Among the yearlings are two sons of Rock Sand, and four daughters of Meddler, the Mackay sire.

Apt to Succeed.

ROLL UP BIG SCORE AGAINST Y. M. C. A. TEAM

The Y. M. C. A. basket ball five which journeyed to Grinnell Thursday evening to do battle with the Livingston's crew of Denison basket shooters, were smothered by a 54-10 score. Showing the same "pep" and ability to shoot baskets as of old, the Denison team took the lead in the first few minutes of play and were never headed.

Merle Orr, captain of the "Y" five said Friday that Livingston's team played them off their feet the first 10 minutes of play and the locals through lack of practice soon weakened under the fast pace.

Masked Wrestler Bowser's Opponent In Columbus Bout

Columbus, O., Dec. 17.—Manager Martini of the Lyceum theater has had such fine turnouts for the wrestling matches he has held at his play house that he is planning a treat for the fans.

Paul Bowser of Newark tonight is to meet an unknown calling himself the "Velvet Mask." The only part of the wrestler's facial features that will be visible will be his chin.

Young Gotch, who has made such a hit with his work on the mat, acts as the sponsor for the unknown and is helping him in his workouts.

VESSELS WERE BLOWN UP BY A FLOATING MINE

(Associated Press Telegram)
Rome, Dec. 16.—(Delayed)—Details just announced concerning the sinking of an Italian transport Re Umberto, and the Italian destroyer Intrepido in the Adriatic sea recently show that the destroyer was blown up by a floating mine when she rushed to the rescue of the steamer after the latter had struck a mine and was about to go down.

REPORT SINKING OF ITALIAN STEAMER

The tone of the New Edison Music Through a Diamond

Mr. Edison's Secret

Music lovers have hoped for years that some day a genius would make possible the artificial tone that would actually sound like the original. This, Mr. Edison has done at last with the wonderful Diamond Stylus—no needles to change—he has created a tone so true to life that one can scarcely distinguish it from the original.

Hello Boys!

HERE'S A BUNCH OF FUN! MAKE LOTS OF TOYS

If ever we had anything in stock that means hours of fun for the boys it is the wonderful new toy, the **Myro Erector**, which has had such wonderful sale in all the big cities of the country during last season. We are satisfied that this is one of the most attractive playthings that a boy could have. It not only gives him lots of enjoyment, but it teaches him to build all sorts of construction models. For instance you can build with

The Myro ERECTOR

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uræmic poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "Anuric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion without charge—absolutely free. This "Anuric" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's "Anuric" Kidney Tablets.

Newark Captures Big Convention for 1916, After Hard Work of Local Delegates at Elyria.

Elyria, O., Dec. 17.—Contesting with well organized delegations from Coshocton, Dayton and Bryan, Newark's contingent at the State Grange meeting yesterday afternoon came out of the convention hall victorious. The 1916 convention will be held in Newark.

At intervals throughout the Thursday session, batches of telegrams from Newark business men and organizations were delivered to the convention hall and read to the delegates. These telegrams included messages of invitation from Mayor Bigbee, the Merchants Association, the Board of Trade, individual merchants and others. The systematic manner in which the campaign to land the convention was conducted, impressed the delegates and when the vote was taken on the next meeting place, Newark won by a large majority.

The Grange will bring to Newark several thousand Ohio farmers besides attracting to the city during the four days of the convention week thousands of Licking county Grangers.

Declaring that President Wilson is trying to commit this country to the old-world policy of militarism, the Ohio State Grange yesterday denounced the administration's policy of preparedness and declared against any attempt to increase the army and navy beyond what is necessary for police control and protection. The resolutions adopted favor "preparation for peace rather than preparation for war," and advocate maintaining the navy at the highest point of efficiency.

The Grangers declare for woman suffrage and state and national prohibition. They advocated that the laws be amended to permit citizens in the rural districts to establish and maintain mutual telephone service when not for commercial purposes and be free from control of the state utilities commission. They declared themselves in favor of a jail sentence and forfeiture of license for any person driving an automobile on the public highways in an intoxicated condition.

Resolutions also were adopted demanding legislation giving farmers police power to permit them to arrest violators of the game laws who may trespass upon their farms.

A nonpartisan tariff board to settle the tariff question was also advocated in the resolutions.

The holding of a mid-winter fair annually on the Ohio State fair grounds was endorsed. The present system of centralized control of the rural schools was approved, and uniform textbooks were advocated.

The next state Grange convention will be held in Newark the second week in December, 1916.

George F. Watts of Geneva was selected a member of the executive committee. The other members are T. C. Laylin of Norwalk and George E. Scott of Mt. Pleasant.

The master and secretary of the Grange will receive \$800 a year and the lecturer \$400 a year. The rest of the officers will be paid \$2.50 a day and their expenses while away from home on official business.

LICKING

Mr. Stanley Barham of Chicago is visiting relatives and friends in Hebron and this vicinity for a few days. He is on his way to Virginia to visit his parents during the holiday season.

Rev. Mellinger of La Grange, O., preached at this place last Sunday morning and evening.

Mr. and Mrs. Burrell Ruffner have moved in their new home and as a reminder to the neighbors and friends gave them an old-fashioned "belling" last Monday evening which was enjoyed by them as much as the participants.

A few members of the Ladies' circle met at the home of Mrs. Chas. Ruffner last Thursday afternoon and packed a Christmas barrel to be sent to the Salvation army in Newark.

Mrs. James Black spent last Thursday afternoon in Granville at the home of her son Fred.

Mrs. Carl Foster attended the funeral of Mrs. Wilkin of Granville last Thursday afternoon.

Searles fever has again broken out in the W. A. Evans home. The victims being Kathryn and Olive. Mrs. Evans is also sick and hasn't been able to leave her bed for ten days or more. They are under the care of a trained nurse.

Mrs. George Brady and daughter Lillian spent Saturday night at the home of the former's sister near Newark. They attended church at this place Sunday morning.

Mrs. S. T. Buckland who has been sick the past two weeks is slowly convalescing.

Mr. and Mrs. Clarence Lawyer of Hebron spent Friday afternoon at the J. R. Black home.

Mrs. Eugene Blade spent an afternoon last week at the bedside of her brother's wife who is in the hospital at Newark.

Irishman's Ready Wit.

A motorist who was touring in Ireland one day met a native who was driving a donkey and cart.

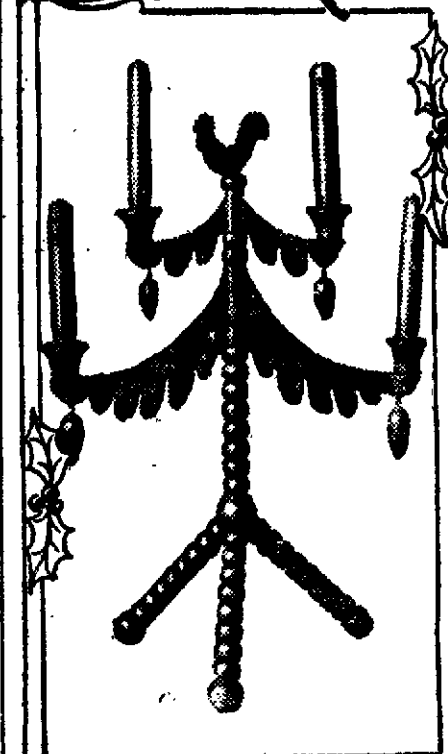

"Thinking he would like to have a little fun at the man's expense, he began:

"What is the difference, Pat, between your turnout and mine?"

"Oh, not a great deal," promptly replied Pat. "Shure, the donkey's in the shafts in the wan and on the sate in the 'other.'" — New York Globe.

Milly—"Oh, I can read you like a book." Billy—"I suppose you begin with my back."

ONE KIND CHRISTMAS TREE

In Sweden wooden candelabra like the one in the picture are frequently used instead of Christmas trees for the display of gifts.

"Nostriola" Fine for "Stuffy" Head Colds or Catarrh

You must try NOSTRIOLA. A small trial size tube, which you can get at any drug store will be enough to show what it will do.

NOSTRIOLA is certainly fine for Colds, Croup, Nasal Catarrh, Hay Fever and kindred affections. You just apply a little to nostrils and at once, head is clear as a bell, you breathe freely and you distinctly feel your cold breaking up and leaving you.

The nostrils and the air passages are the breeding places for disease-breeding germs. When the membranes are sore and inflamed, you catch cold easily, and colds lead to Catarrh.

NOSTRIOLA is intended to soothe and strengthen the linings of the air passages so they can resist and throw off colds.

Get a small tube to try. All druggists sell and recommend NOSTRIOLA.

ON a typical plantation the first Christmas after the war came gloomily indeed, writes Mary E. Bryan in Uncle Remus' Magazine. A number of the negroes still inhabited the old "quarter," but they were too demoralized and unsettled in mind to work.

The cotton crop had been a failure, and old debts had swallowed up the proceeds. No boxes and barrels containing good things for Christmas had been rolled from the steamboats out upon the plantation landing, as in better times. But Christmas morning there was the old chorus, "Merry Chris'mus," under the widow.

The master of the house flung open the window impatiently and called out, "There's no Christmas for you here; you will have to make your own Christmas now." An old patriarch of the tribe stepped forward and bared his gray head. "We's brought 't' Chris'mus' m'embrace for master and mistis, please, sah," he said. "They went in then. Each had a gift and laid it on the table in silence.

One brought a dressed chicken, another a dozen eggs, and the patriarch brought a baked possum. A pair of home knit socks, a bag of hickory nuts and a basket of walnuts were among the offerings.

When their gifts had been deposited they started to file out, when the man of the house, affected almost to tears, called them back and thanked them.

The children poured out the contents of their Santa Claus stockings to share with the visitors, and the house mother brought out a jug of homemade wine.

There was a little Christmas cheer after all. The hard feeling melted away. Every heart responded to the prayer uttered by the negro leader when he was departing:

"De Lawd bless you and your family, master, and he's up ter feel an' ack right tow'ds one anuder."

NEW WAY TO BRING HOME THE RABBITS

Mose Coyle, the well known driver of the Criss Bros. ambulance is the originator of a new and novel way of killing rabbits. Mose in company with Ralph Criss went to Hanover Wednesday bent upon the purpose of eliminating all the rabbits in that neck of the woods.

Coyle and Criss hunted for several hours but their aims were bad and the result of all their hill climbing and roaming availed them nothing more than four sore shoulders. Finally after Criss had missed a good shot, Coyle thought of his novel way of killing the animals who by this time were flitting all around the two hunters.

Laying his gun down on a stump, Mose told Criss to follow. He started sprinting down through a gully at a rate of speed equaled only by the machine he drives. Criss followed orders and remained in sight of Coyle for a few minutes. Then he lost sight of Mose but upon rounding a bush discovered him standing over a rabbit with one of them never-come-off smiles.

Criss was at a loss to account for the rabbit as Coyle had left his gun several miles from where he caught Coyle.

"How?" queried Criss.

"Heart failure," grinned Mose as he picked up his prize and started home.

MOVE FREIGHT AS STRIKE HAS BEEN SETTLED

(Associated Press Telegram)

Chicago, Dec. 17.—With the settlement of the strike of 600 employees of the Belt railway of Chicago, merchandise valued at millions of dollars, which had been tied up since the strike was called last Tuesday was released today when the strikers returned to work.

More than 15,000 loaded freight cars had clogged the huge switch and transfer yards at Clearing. Under the terms of the settlement which was effected last night the men will be provided with eight trains daily for their transportation to and from work, instead of every hour as had been the practice.

MUST PAY TEN CENTS A TON FOR THE ICE

Columbus, Dec. 17.—Ten cents a ton is the rate to be charged this winter for ice cut from state canals or lakes. This was determined today by Frank R. Fauver, state superintendent of public works. Last year the rate was 12 1/2 cents for amounts under 100 tons, 10 cents for amounts between 100 and 500 tons, and 7 1/2 cents for amounts over 500 tons. The new rate makes the return to the state 1-2 cent a 100 pounds. The total income to the state from this source is estimated at between \$5,000 and \$8,000.

Inspectors under the department of public works will determine the quantity of ice cut by private interests by measuring their storage houses and figuring 57 1/2 pounds of ice to a cubic foot.

NEW TERROR IS ADDED TO RAIDS OF AEROPLANES

[Associated Press Correspondence]

Venice, Dec. 17.—The use of asphyxiating gas in the bombs dropped on Venice has added a new terror to these raids. These asphyxiating bombs have been used in the trenches, but not until the air raid of November 18, was the deadly gas used in bombs dropped on cities, so far as is known.

The air raid on the 18th was not made known at the time, even Home and other cities not knowing that it had occurred, as the military authorities threw a rigid cordon of silence around the city.

It was not a serious raid, in people injured or damage done, but its chief importance was in bringing for the first time the shower of asphyxiating bombs.

The raid occurred near the arsenal, which is the chief point of attacks for these raids. None of the bombs however, fell inside the arsenal grounds. But outside there is an extensive quarter occupied by the poorer people with narrow streets and low houses.

It was in this section that the bombs fell, spreading the effect of their fumes among the civilian population.

Only one death occurred but a great number of the poor people suffered from the paralyzing effect of the gases.

In three raids made thus far, the first two were with explosive shrapnel bombs and the last one, on November 18, with the asphyxiating bombs. None of these raids has reached the main points sought—but they have caused the destruction of the Scalzich near the railway station, the explosions on the Quay fronting the Place San Marco, and finally the gas bombs in the poor quarter near the arsenal.

FREE TRIPS FOR
THE OHIO CORN
BOYS NEXT YEAR

Columbus, Dec. 17.—More than 100 free trips to Washington on the corn boys' special tour in December, 1916, have been promised already by banks and other business interests in each county to J. R. Clarke, state supervisor of juvenile contests.

It was learned today, Mr. Clarke said that although this year's trip is barely two weeks past, he is making active plans for the 1916 tour. Letters are coming in daily, he said, from business men, promising to pay the way of juvenile winners of agricultural contests in their communities, on the eastern trip.

Mr. Clarke said he is making special efforts to create interest in apple growing contests. Boys and girls in southern Ohio counties, particularly, are being urged to apply their energies to raising good fruit for participation in the contests.

LONDON

Subscribers \$120,000,000 to French War Loan—Conflict Costs France \$300,000,000 Per Month.

(ASSOCIATED PRESS TELEGRAM)

Paris, Dec. 16.—(Delayed)—In the course of his demand today in the chamber of deputies that the chamber grant three months credit on the budget account, Alexandre Ribot, French minister of finance stated that the subscription to the recent French national loan from London alone was 600,000,000 francs, (\$120,000,000).

The minister said that the calculation concerning the results of the loan was far from being ready and that therefore he would quote no total figure. He stated that he could say, however, that the country had answered the call and never had there been a similar number of subscribers.

At another point in his speech M. Ribot stated that while the war expenditure at the beginning of the conflict was 1,500,000,000 francs (\$300,000,000) per month it was now 2,100,000,000 francs.

GASOLINE PUMPS ARE ALL GIVING HONEST MEASURE

Columbus, Dec. 17.—Fred C. Albrecht, state sealer of weights and measures, today announced he had been unable to find any gasoline pumps in automobile service stations which gave short measure. He laid the blame for reports of short measure mainly on automobile owners.

"Occasionally I found a pump which varied a trifle from the true measure," said Mr. Albrecht, "but the shortage was hardly enough to consider. The trouble is that automobile owners do not watch carefully enough when they order gasoline at pump service stations. They do not see that the precise quantity they order is actually pumped out, or they order the supply shut off before the amount for which they asked is pumped out. They are the buyers and they are the persons who should watch their purchases."

Mr. Albrecht said another cause of inaccurate measuring is the failure of service station managers to establish a rule that the supply hose leading from a pump is either always full or always empty when pumping is started. "If some regular practice is not observed, some customers will get more than they order while others will get less," he said.

Mr. Albrecht called attention to his order that use of all deep measures of half bushel, peck, half and quarter peck, quart and pint sizes, by dealers must cease by tomorrow or they will be confiscated either by his department or by county sealers. The measure, required by the new law, recently upheld as constitutional by the supreme court, are approximately two in width to one in depth.

E. J. BELLKAMPH PUTS FOLKS WISE "TO A GOOD THING"

Takes Nerv-Worth South to "Fortify His System Against Hog, Hominy and Cottonseed Oil."

Here is a new endorsement of Nerv-Worth from a traveling man, E. J. Bellkamph, that forms one of the most remarkable tributes ever paid to a medicine. No reader can afford to miss a word of it. It was given at Marietta a few days ago:

"I have one special reason for making this statement and that is to put the people wise to a good thing. For 20 years I have been a traveling salesman, selling country stores in several southern states. I was up against all kinds of conditions and the most disagreeable places to eat, where everything was cooked in grease.

"For five years have been a chronic dyspeptic, so grouchy I never smiled except while talking with my customers. It had periblical headaches and a constant feeling of weariness and nervousness. I became discouraged, quit my job and came north on a protracted visit, thinking the change would prove beneficial.

"Just after coming here I bought a bottle of Nerv-Worth from Mr. Richardson (Nerv-Worth distributor at Marietta), took it all, felt much better, bought another bottle and now, having taken the second bottle I am so much improved that I am going south again and go back to work with three bottles of Nerv-Worth to fortify my system against hog, hominy and cottonseed oil. (Signed) "E. J. BELLKAMPH," Marietta, O., Dec. 13, 1915.

Mr. Bellkamph's praise will no doubt help materially to put the people wise to this wonderful tonic which T. J. Evans is selling in such unprecedented quantities every week and which he guarantees absolutely. Dollar back if you don't get benefits.

SERUM CONDEMNED BY OSTEOPATHS; NEW OFFICERS ELECTED

Columbus, O., Dec. 17.—Dr. M. A. Lane, teacher of pathology in the graduate school of the American School of Osteopathy at Kirksville, Mo., speaking yesterday at the closing session of the Ohio Osteopathic Association, said that before many years have elapsed, no serum will be heard of, save that used as a protection against diphtheria.

He commented upon the widespread extension of the use of serum for various ailments in recent years.

Credit for discovery of the basic laws of immunity, he said must be given to Dr. A. T. Still, founder of osteopathy. Correction of mechanical defects, or in one word, osteopathy, conferred immunity from disease, he said.

Dr. A. G. Hildreth of Macon, Mo., a visiting osteopath, created considerable interest by his statement that although he fully believed in surgery, he was "convinced that if there were not a surgeon on earth, there would be fewer deaths from the lack of surgery than are now caused by unnecessary operations."

Dr. W. A. Gravett of Dayton was elected president of the state association, succeeding Dr. R. W. Sanborn of Akron. Dr. H. M. Dill of Lebanon was chosen secretary; Dr. R. P. Baker of Lancaster, treasurer; Dr. E. C. Waters of Chillicothe, member of the state examining committee.

The executive committee comprises: Dr. Sanborn, Dr. A. L. Miller of Cleveland, Dr. L. A. Bumstead of Delaware, Dr. E. H. Calvert of Columbus, Dr. F. W. Long of Toledo, Dr. C. A. Ross of Cincinnati.

Dropsy Treated Free

By Dr. Miles, the Great Specialist, Who Sends a New \$3.75 Treatment Free Many Cured After Others Failed.

At first no disease is apparently more harmless than dropsy, a little swelling of the eyelids, hands, feet, ankles or abdomen. Finally there is great shortness of breath, cough, faint spells, sometimes nausea and vomiting, even bursting of the limbs and a lingering watched death if the dropsy is not removed.

Dr. Miles has been known as a leading specialist in these diseases for 30 years. His liberal offer of a \$3.75 Treatment Free to all sufferers is certainly worthy of serious consideration. You may never have such an opportunity again.

The Grand Dropsy Treatment consists of four dropsy remedies in one, also Tonic Tablets and Pura-Laxa for removing the water. The treatment is specially prepared for each patient and is three times as successful as that of most physicians. It usually relieves the first day, and removes swelling in six days in most cases. Delay is dangerous.

Send for Remarkable Cures in Your State.

All afflicted readers may have Book, Examination Card, Opinion, and a Two-Pound Trial Treatment Free. Write at once. Describe your case. Address, Dr. Franklin Miles, Dept. D.A., 736 to 746 Main Street, Elkhart, Ind.

What He Appreciated. "I have never owned any automobiles," said the man who hadn't yet paid for his home, "but I can say one thing in praise of them." "What is that?" Inquired Henderson. "They have made mortgages respectable." —Judge.

The greatest enemy of your teeth

When scientists recently discovered the cause of that dread disease, pyorrhea, they discovered the greatest enemy of your teeth. Why yours? Because the germ that causes this disease inhabits every human mouth.

Your dentist will tell you that half of all the permanent teeth lost are lost from this disease. This is because people have not realized before that everyone should take precautions against this enemy. You can start now to ward off its constant attack and escape the terrible results of this disease by using the proper corrective and preventive treatment in your daily toilet.

To meet the need for this treatment and to enable everyone to take precautions against this disease, a prominent dentist has put his own prescription before

the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedy Co., 502 Union Central Bldg., Cincinnati, Ohio.

G. O. P. LEADERS HOPE FOR REUNION WITH BULL MOOSE IN SAME BUILDING WHERE ESTRANGEMENT OCCURRED IN 1912

Bull Moose convention in Chicago Coliseum, 1912; exterior view of the Coliseum.

In the Coliseum at Chicago, where the disastrous split in the Republican party occurred in 1912, G. O. P. leaders hope for a happy reunion with the Bull Moose on June 7, 1916. At that place and date the Republican national convention will assemble to name a man in opposition to Woodrow Wilson.

BANQUET OF RAILROADERS BIG SUCCESS

The annual banquet of the B. & O. Employees Association was held last evening at the new K. of P. hall in East Main street. The banquet had been arranged for the purpose. About three hundred guests were present, many of whom were new to the city. The evening was a great success. The menu was excellent and the entertainment was of the highest quality. The association's work for the year was reported and the future plans were discussed. The evening closed with a song and a prayer.

An excellent turkey supper was served, the culinary arrangements being in charge of Mrs. Wm. Gray and they were assisted by a competent corps of experienced waiters. The preparation of the banquet was the result of the efforts of the committee in charge of the affair and to whom credit is due for its success. The committee was composed of Messrs. David Murphy, Capt. John Doyle, E. E. Moore, John G. Gray and John D. H. These gentlemen were working in their efforts and deserve much praise for the successful termination of the Veterans' annual.

As the guests arrived they were met at the door by a reception committee and escorted to the cloak rooms where their wraps were checked and they were then given carnation favors by Messrs. Murphy and Doyle, after which they were directed to the balcony. At 7:45 o'clock the strains of a pretty march by Fields orchestra they descended the stairway and were assigned seats at the banquet tables, six of which had been arranged the full length of the hall. Before the tables were served a flashlight picture of the association was taken by Russell the photographer. During the course of the banquet music was furnished by the Fields orchestra and the program was more than enjoyable, consisting of all the latest popular selections and the classical also was not overlooked.

The menu consisted of roast turkey with oyster dressing and cranberry sauce, mashed potatoes and gravy, shrimp and potato salad, olives, pickles, home made bread and creamery butter, cheese and wafers and a desert of ice cream and red mountain cake, coffee and milk. The service was excellent, the waiters having been especially trained by Mr. Dean. At the conclusion of the banquet cigars and stogies were passed and chairs were shoved back to enter a social hour.

Mr. Dave Murphy acted as master of ceremonies and introduced Mr. Frank A. Strear, an employee in the B. & O. shops, and who has attained quite a reputation locally as a soloist having sung during the past season with the Buckeye band and also participated in the Eagle minstrel last week at which time he scored a pronounced success. Mr. Strear's selection was "The Hills of Old Kentucky" and it was excellently rendered and the young man was forced to respond to an encore.

After the song by Mr. Strear, Chairman Murphy introduced Hon. William E. Miller, principal speaker of the evening. Mr. Miller gave an eloquent address reciting the his-

tor of many of the local men whom he knew personally the rapid growth of the local shops and how fortunate the city of Newark was to possess such enterprising citizens.

Hon. Edward Kelley was the next speaker and chose as his subject the excellent qualities of the Baltimore & O. O. loan fund. He also touched upon the efficiency of the company and the men who were responsible for making the Newark division recognized as being one of the best on the entire system.

G. A. Ben, locomotive engineer of Chicago Junction, was the next speaker and his comments were confined to the excellent character of the men and of the manner in which they served their employer.

James F. Linn, former superintendent of the Newark division spoke upon the efficiency of the men and stated that he while competent and intelligent, a great many of the men at their homes and always found them to be the best in the world, both in their work and social affairs. He also touched upon the fact that the men must be highly efficient or they would not have seen service with the company for 20 years.

Joseph Rode of Cedar street was the next speaker. He said, "I have traveled on a dozen railroads throughout the United States and I have found that a division that could compare with the Newark division of the Baltimore & Ohio railroad for efficiency."

C. C. Crum, yardmaster, spoke of his intimate acquaintance with the men and of their efficiencies. Mr. Strear offered another solo at the conclusion of the speeches and another page was added to the history of B. & O. Veteran Employees Association.

WOULD NOT REPEAT IF NOT MASTERFUL IN EFFECT

MANY PEOPLE BUYING TANLAC
BY THE HALF DOZEN
BOTTLES.

Over 10 Per Cent of Those Who Have
Bought One Bottle Bought
Again.

There is no stronger testimonial to the efficiency of a medicine than its repeats and that is exactly what Tanlac the Master Medicine does right along. At least 40 per cent of the large number of purchasers of Tanlac in this city have bought the second bottle, 20 per cent the third bottle and about 7 per cent the fifth and sixth bottle. It is not at all unusual for those who have tried one bottle to call and get five more thereby securing one bottle free. The fact that many reliable people in Newark have testified as to the helpfulness of Tanlac in rheumatism, catarrh, stomach, liver and kidney trouble, sleeplessness, and the after effects of La Grippe and pneumonia is proof positive of Tanlac's beneficial effects. Tanlac, the Master Medicine, is being demonstrated at Hall's Drug Store and is for sale at Granville by W. P. Ullman; at Utica, by P. H. Richardson, and at Hebron by the Hebron Drug Co.
